2024 USBCs Kibitzing - There will be delayed kibitzing for all of the 2024 USBCs on LoveBridge

You can follow the USBC on the <https://vugraph.lovebridge.com/> website. If you get to the voice commentary and there is no sound, you need to "unmute." When you first get to the page, there is a small icon of a speaker in the middle of your screen with an x on it. Click there to unmute. If you miss that icon, move your cursor to the bottom left of the screen and you should see a something like this:

Click on the speaker to unmute.

Vugraph is delayed for 30 minutes or until all tables have completed play on a board, whichever is later.

Kibitzing Schedule (EDT)

For all KO days of the 2024 USBCs, kibitzing times will be :

Segment 1: 11:30 am EDT; Segment 2: 1:45 pm EDT

BREAK

Segment 3: 5:00 pm EDT; Segment 4: 7:15 pm EDT

For Round Robin days, each kibitzing segment will start 30 minutes after play starts. No voice for RR's.

To listen to commentary, search for the TV icon! It will send you to the page where you can choose from the available live commentators. If it doesn't do anything, no one is commenting.

Deep Involvement: Choose the "Match view" at the starting page of your event. Your screen will be divided into 4 small screens – 2 of them showing the 2 tables of the match you choose, the other 2 having the scoresheet for your match and the current scores of the other matches. In the 2x2 view you can personalize the content in all your windows. (The 2x2 view is not available on mobiles.)

Think together!

When watching a table, click on a name and choose "Kibitz". Instead of seeing all 4 hands, you will see what the player sees, and you can decide what you would do.

More Information:

Be well informed and tell your friends: while following the play, you can click many items. The image of the sticker with the number of the board (upper right) takes you to the results of the board, in the bottom right corner, the arrow takes you to the scoresheet, the DDS shows the double dummy analyses, beside that there is a button for the other table of the same match, at the top left corner you can see the bidding with alerts and the explanations (mouse over), the tricks already played, and the double dummy analysis for the available number of tricks with the par score.

Navigation icons:

While surfing here and there in the vugraph, or amongst the archive sessions, there are icons to help you. You can always go back to the main page with the "house" or to the standings with the "scores". If you cannot see the icons, move your mouse, or touch your screen and they pop up immediately. There is a built-in back button because the back button of your browser will always take you to the starting page. If this is not what you wanted, push next in your browser and you can continue where you were.

Replay:

After the event you can find every board from every table easily. While replaying the hands, the only surprise can be the way "next board" button works. If you have arrived from a scoresheet, it navigates through the scoresheet. If you have arrived from a screen where the results were shown for a given board, the same buttons move you through the list.

My eyes are crossed.

This went to over-
time!

Today I'm back
With expectation
They'll conclude

2024 USBCs Hospitality

We are returning to our pre-pandemic hospitality, with the hospitality suite (room 2321) open most of the day for socializing, Vugraph, and snacks. We will be providing breakfast and lunch each **day of play**. Marie-France Benoit will be our lead hostess, with help from Jacob Morgan and Julie Arbit, who makes the best guacamole. If you're at the tournament and can volunteer to help with hospitality (pick up items at Costco or nearby stores or restaurants, preparing food) please let Jan or Marie-France know.

Breakfast: From 8-10 am. There will be the usual breakfast food: cereal, bagels, toast, salmon, fruit, juice, coffee and tea. For those who prefer Keurig coffee, that will be available. So long as the suite doesn't become too crowded, you are welcome to eat there. No masking requirement.

Lunch: On the first four days of each event we will be serving a buffet lunch in a hotel banquet room, usually the Slate and Cyan rooms at the front of the hotel; we will have signs in the Player Break Room and Hospitality Suite with daily location. The hotel will be supplying what they do best: salads and chips. We will be bringing in 2 or 3 hot dishes from a local restaurant each day. There should be enough room for you to eat in the hotel banquet room, but you are welcome to take food from there to an outside table or to your hotel room. Lunch will be served from about half an hour before the morning session is supposed to end until about half an hour after the afternoon session starts.

After the first 4 days of each event, lunch will be available in the hospitality suite at the break. There will be a main dish (sandwiches, chicken, main dish salads, pizza) as well as tuna salad, green salad, cheese, fruit, berries, cookies or other desserts. Water and soft drinks will be available in refrigerators. As with breakfast, you are welcome to eat in the hospitality suite unless it is too crowded.

Let us know if you have specific needs. Our hosts will do their very best to accommodate you.

Playing Rooms & Player's Break Room

We will have bottled water in the playing rooms and if there is a refrigerator in a playing room we'll stock it with soft drinks.

We will have bottled water in the Player's Break Room (1321), as well as soft drinks, Nespresso, some packaged snacks, and some fruit. Please keep your voices down in the Break Room where we are working.

Masks will be required in playing rooms **only if your screenmate asks you to wear one**. You do not have to put on a mask when you summon a director or ask for coffee, water or an escort outside to smoke.

Q: I add 5 to 9 and get 2. The answer is correct, so what am I?

A: A clock. When it is 9 a.m., adding 5 hours would make it 2 p.m.

Q: Rachel goes to the supermarket and buys 10 tomatoes. Unfortunately, on the way back home, all but 9 get ruined. How many tomatoes are left in a good condition?

A: 9.

Q: What is 3/7 chicken, 2/3 cat, and 2/4 goat?

A: Chicago!

Q: If a zookeeper had 100 pairs of animals in her zoo, and two pairs of babies are born for each one of the original animals, then (sadly) 23 animals don't survive, how many animals do you have left in total?

A: 977 animals ($100 \times 2 = 200$; $200 + 800 = 1000$; $1000 - 23 = 977$)

Q: I saw my math teacher with a piece of graph paper yesterday.

A: I think he must be plotting something.

Q: If you multiply this number by any other number, the answer will always be the same. What number is this?

A: Zero

At a meeting of the WBF Executive Council on March 9, 2024, the following decision was taken concerning the participation of Russian and Belarusian bridge players in WBF events:

- No Russian or Belarusian players may participate in WBF National Representative events. Such events include WBF Zonal events that qualify for a WBF National Representative event.
- Russian and Belarusian players may participate as individuals in Transnational events provided the following conditions, in line with the IOC eligibility conditions published on December 8, 2023, are met:
- Players who actively support the war will not be eligible to be entered or to compete. Support personnel who actively support the war in Ukraine will not be eligible to be entered or to compete.
- Players who are contracted to the Russian or Belarusian military or national security agencies will not be eligible to be entered or to compete.
- Players may not display any text, colours, flags, or other attributes identifying them as Russian or Belarusian.
- All other existing eligibility criteria for participation in WBF events apply. The Executive Council notes that, at writing, Belarus is not a member in good standing of the WBF and therefore Belarusian players are not currently eligible to participate in WBF events in any capacity.

This decision applies with immediate effect and stays in effect until further notice.

Katz/Nickell did well to bid the spade game after a strong NT opener with both sides vulnerable.

Greco's 1NT showed 15-17. Levin's 2D showed hearts. Katz, doubled showing his long diamonds. When Greco took the transfer, Nick effectively raised diamonds. Levin called 3H and Katz, judging well, jumped to the spade game.

Greco cashed his CA and HA and continued with the HT. Katz ruffed, pulled trump and claimed ten tricks.

Levin had a tough decision in the auction. Would 5H be a good save at All Vul? Was 4S even making?

Levin thought a long time for someone who wanted to go out and smoke! He was truly tempted to bid, however, in the end he went quietly.

After the play, Bobby commented, "I should have taken the sac!" And while it would have worked on this hand, it isn't clear that he "should" have taken it!

If 4S was failing while 5H was doomed, it "could or would" have been a disaster!

As it is, 5HX would have gone down two for +500 N/S, a small gain for East/West.

For those of you who are interested, Ela has agreed to come to the Hyatt to provide massages any day that we have 3 or more people who want her. So if you want a massage, please let me know a day or two in advance, including what your timing is, and I'll try to make things work.

For now, Ela said she could come on April 30th for anyone who wants a post-flight, pre-tournament massage. So if you want one, please let me know and tell me what time(s) would work for you.

I think Ela still charges \$100 for an hour. She'll be setting her table up in my room (5117) and will have a key so she can get in and can the let you in when it's your turn. Any questions, let Jan know!

Meet the Players

Through the Ages: A History of Great Partnerships!

Bart Bramley (excerpted from an interview with the *Ontario Kibitzer* in 2021): I have been lucky to play with many great players. My first truly great partner was **Lou Bluhm**. We played from 1984-1990, when Lou died of pancreatic cancer. He was 50. He was totally unflappable, steady as a rock. He showed me what a serious system looked like. Until then my partnerships didn't have notes, or they were just a few pages – most of what I played was simple enough to keep in my head. Lou had 75 pages of notes. And I hated most of it, but since he had done the work, I figured I ought to learn it.

My next great partner was **Hugh Ross**. We became great friends when Hugh was captain of my team the only time I played in the Bermuda Bowl, in 1991 (Yokohama), but we were not a great partnership! Hugh had won the Bermuda Bowl several times in the preceding decade, playing with Peter Pender. We played for a few years starting in 1992. Though we both tried to make it work, we didn't mesh.

In 1995 John Sutherlin fixed me up with **Sidney Lazard**, and we played regularly until 2008. Sidney was the greatest man I've ever known. He taught me many things bridge. One was the importance of voids. Until then I thought voids were like singletons, but a little better. Sidney insisted they were a LOT better, and he was right. Sidney had a reputation as a wild man, but he was a devoted "bridge scientist" at heart. However, his wildness was uncanny. He didn't take as many shots as most people thought, but his percentage of success was phenomenal. My greatest thrill in bridge was winning the Blue Ribbon Pairs with Sidney in 2002, when he had just turned 72. We played great throughout the event and drove from behind at the very end to win.

Another great partner was **Lew Stansby**. We had been friends for decades when we won the Senior World Championship together in 2007 (Shanghai), but we didn't become partners until a few years later. The greatest lesson I learned from Lew was about composure. In Shanghai, during the round-robin, my screenmate accused Lew of coffee housing him when Lew was declarer. I became incensed and made a stink. A director was needed to calm things down. Afterwards Lew told me never to do that again, because it upset him. As luck would have it, we drew the same team in the quarterfinal of the knockout stage. Early in the match a different player on the team accused us of hosing him on defense (he had gone down in a trivial contract). I remained stoic as the opponent had his say with the director, who gave him nothing. We blew out that team and I learned a good lesson.

My current partner is **Kit Woolsey**, with whom I have played regularly since 2017. We have been friends for almost 50 years. I have adopted many aspects of "Kit Standard," such as very loose weak two-bids, and suit preference at trick one against suit contracts, both of which seem to work out far better than I had previously thought. Kit and I have been teammates off and on since the '70s, and we both love to go over the hands in detail; if you like doing that, it's best to do it with your partner.

Bob Hamman is another player I've known for almost 50 years. We first played together in the Open Swiss Teams on the final weekend of the 1990 Nationals (Fort Worth). And we won the event. (Both Bob and I have multiple National wins with first-time partners.) We didn't play together again until 2003, when I moved to Dallas to work for Bob at his company, SCA Promotions. Despite his persona as a no-nonsense, down-the-middle player, I learned that he is actually a mad scientist. He has never met a convention that he couldn't improve. Eventually I had to put my foot down to prevent the system from changing every time we played. And I know that's OK, because Bob can still win with anyone, any time, playing any system. He has a legendary reputation for his powers of concentration and compartmentalization," and it is well-deserved.

Bart is an amazing player with an amazing record of accomplishments in the bridge world. He writes great articles. He is beyond brilliant. He and his late wife, Judy (Wadas), were great friends of Stan's and mine when they lived in Chicago. Bart has recently moved back to Connecticut, an early home of his. He is happier than ever with his new love, Kitty Cooper. They were meant to be!

USBF Supporting Membership

If you don't want to play in the USBF Championships that choose teams to represent the USA in the World Bridge Federation Championships, but do want to aid our events, a **Supporting Membership** can be the perfect way for you to be involved.

A Supporting Membership is \$25 for one year (\$75 for 3 years) and your donation will be used to cover inevitable expenses: attorney fees, accounting fees, website support services, tournament directors, insurance, WBF dues, and vugraph operators.

The USBF is an **all-volunteer** organization.

Our meetings are by conference call and at NABCS. Board members and the organization's officers are not compensated for meetings, travel, or hotel expenses.

Q: What 3 numbers give the same result when multiplied and added together?

A: 1, 2, and 3 (1 + 2 + 3 = 6 and 1 x 2 x 3 = 6).

Q: What's a single-digit number with no value?

A: Zero.

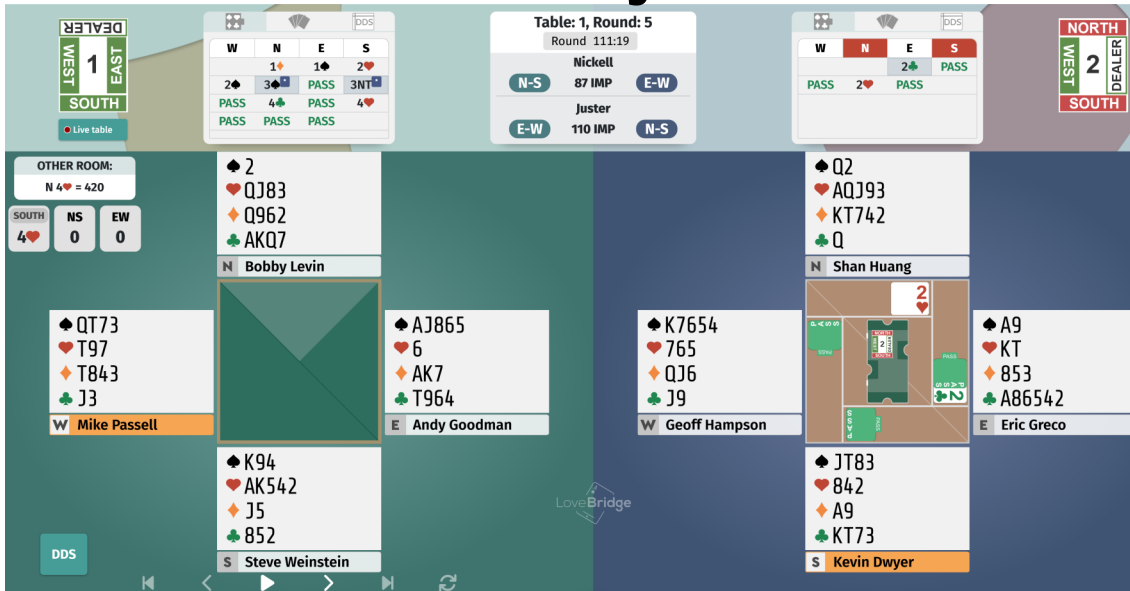

Q: A tree doubled in height each year until it reached its maximum height over the course of ten years. How many years did it take for the tree to reach half its maximum height?

A: Nine years.

Good Start to Day 2 of the Quarterfinals...

For those who have never explored the VuGraph on LoveBridge, the above is an example of the “Live” (albeit delayed) broadcast with the split screen. You can see both tables in the same match playing at the same time. You get a sense of tempo... note as above, one table is still on board 1 and the other is just starting board 2.

On another note:

It’s a “good start to day 2” because the first trick of the first board in Nickell/Juster generated the proverbial “wish trick.” ... and while they don’t know it, but they have a second wish trick available in clubs!

Well done, Bobby and Stevie, Andy and Mike!

Two pairs did well to find the save in 4S over 4H. While only a small swing, you never know when 3 IMPs will matter! The auctions:

On Board 2, N/S can only come to 9 tricks on careful play.

The game made twice. In both instances, East led the CA and continued clubs giving declarer a chance to discard one of their losing spades on the CK.

Demuy was successful when Bramley led the CA and another club.

Zia was successful when Simson did the same.

Note below that Simson and Zia have found the secret to comfortable playing conditions!

I thought they were watching the VuGraph but Jan said they were opponents -screenmates- playing! We think one of them was the dummy!

I wondered if the seeded team got first dibs on the bed!

I thought it was hilarious and sent the photo to Howie Doing and Limey Jack. Howie responded as such:

Under the covers,
Opponents not lovers!
Feeling chilly in bed?
Turn the temp overhead!

Thanks Howie!!

Simson and Zia giving "screenmates" a new dimension.

Who needs tables when we have such great playing conditions in Schaumburg!?!

Both 6C and 6D are cold on careful play. Two great declarers: Eric Rodwell and Chris Willenken went down in the slam confirming how difficult a hand it really was. The 4-1 splits in both minors are confounding.

Aaron Jones in Fleisher/Bailey played 6C really well to bring it home.

Bathurst led the S8. Jones ducked in dummy and ruffed in hand. He played the CQ, successfully finessing. He continued with the CJ, finessing that too.

He played a diamond to the king and cashed the DQ. He cashed the SA, discarding a diamond from his hand. He played the HJ. Hurd covered with the queen and Jones won his ace. He continued hearts to dummy's king.

He ruffed the H3 and played his last club to the ace in dummy creating this end position:

Jones led the good H9 from dummy. He discarded the D9 while Bathurst ruffed with the C9. (*Ed. Note: Hurd gets a charge for not having the foresight to keep his S9 for this trick. He could have discarded most any of his spades making no difference and it would have looked great to have all four nines on this trick!*)

Poor Bathurst! He was endplayed. He had to lead from his DJ5 into Jones's DAT.

Contract making. Nice play, Aaron! It must have been frustrating to lose 5 IMPs when 6DX made in the other room!

Bramley opened a strong club and Woolsey showed a negative response. Willenken bravely overcalled 1H. When Bramley bid 2C, Wolpert raised Willenken to 2H, further muddying the waters.

Woolsey raised clubs and Bramley made one final move toward game with 3D. Kit, looking at 6 small diamonds and a 10-count, opted to pass.

Woolsey took 11 tricks to lose 11 IMPs! *To his credit, while they did not get high enough, he did find a way to steal the hand from partner!* 11 IMPs to Rosenthal

Howie Doing

Andrew v Nick
Not tough to pick...
Nick's number ONE!
And will be when done.

Some boards are wilds.
Some boards are flats.
Predicting the Seniors
Won't include Katz!

Simson's one flaw
Could cause his demise.
Add up the penalties
As they arise.

Wooldridge plays well,
Wooldridge plays slow.
Penalties mount
And deficits grow!

The Final is coming
In just two days time.
Fleisher v Nickell
Will finish this rhyme!

Till then... I remain... Howie Doing

Limey Jack

Ah, Colonials:

Limey Jack is crushed. In possibly the biggest upset since you blokes defeated His Majesty's forces, my dear Zia has been vanquished. Simson needed to outpoint him by 44 in the last two chuckers to win by 10.

Whilst he will see Limey Jack soon to hoist a glass at his favourite Indian Restaurant, tis an unhappy reunion. On to it, then.

Nickell-Rosenthal: Nickell overcame their usual lackluster performance in day one to escape Juster. Rosenthal won a nailbiter against a shorthanded Bramley squad. That bodes ill for them and Nickell always plays up to par after a scare.

Simson-Fleisher: Simson is the home team by virtue of knocking off the number two seed. Will that make a difference? Fleisher has far better partnerships and should uphold their honour.

It looks to be a Nickell-Fleisher finale.

Limey Jack will be having a pint, and hiding in the flat for the next two days. Even beating that cur, Howie Dung, doesn't ease the sting.
