I. OVERVIEW AND APPLICATION

These General Conditions of Contest apply to all USBF Championships. Each USBF Championship also has Special Conditions of Contest, which govern areas not covered by these General Conditions of Contest as well as modifications to these General Conditions of Contest applicable to the specific event. When the Special Conditions of Contest for an event are different from these General Conditions of Contest, the Special Conditions of Contest control.

II. DEFINITIONS

The following definitions apply throughout these General Conditions of Contest.

- 1) USBF The United States Bridge Federation
- 2) USBF Championship The USBC, USWBC, USJBC and USSBC
- 3) USBC The United States Bridge Championship, which selects teams for Open WBF Championships and is regulated by the ITTC, a subcommittee of the USBF Tournament Committee.
- 4) USWBC The United States Women's Bridge Championship, which selects teams for Women's WBF Championships and is regulated by the WITTC, a subcommittee of the USBF Tournament Committee.
- 5) USJBC The United States Junior Bridge Championship, which selects teams for Junior WBF Championships and is regulated by the JITTC, a subcommittee of the USBF Tournament Committee.
- 6) USSBC The United States Senior Bridge Championship, which selects teams for Senior WBF Championships and is regulated by the SITTC, a subcommittee of the USBF Tournament Committee.
- 7) NPC Non Playing Captain
- 8) DIC Director in Charge of a USBF Championship
- 9) ACBL American Contract Bridge League
- 10) ABA American Bridge Association
- 11) WBF World Bridge Federation
- 12) Selection trial An event that selects teams for a WBF Championship, subject to approval by the USBF Board of Directors.

III. ELIGIBILITY

A. All Participants

All participants in any USBF Championship (players and NPCs), and any player or NPC added to a team that has been nominated to represent the USBF as a result of its performance in a USBF Championship, must meet the following requirements at the time of the USBF Championship:

- 1) Be either an Active or Resident member of USBF who is in good standing.
- 2) Not be under suspension by USBF, ACBL or ABA.
- 3) Not be excluded from playing in the specific USBF Championship by a committee of USBF, ACBL or ABA.

B. Subsequent Ineligibility for Cheating

As used in this section B, “cheating” refers to intentional cheating that is systematic (i.e., occurs on multiple boards), egregious, and premeditated (i.e., the player or pair had more than a few moments to contemplate whether to engage in the unethical conduct).

If the USBF finds, at any time, that any player or pair engaged in cheating during a USBF tournament (“Trials”), the team on which that player or pair competed shall be disqualified from that Trials. Further, the entire team shall forfeit all of its wins in that Trials along with all placing points and masterpoints its players otherwise would have earned in that Trials.

If the finding of cheating is made based on conduct during the Round Robin and is rendered before play in the KO stage begins, the disqualified team's Round Robin results will be vacated and KO qualifiers and seeding will be determined based on Round Robin results against all other teams.

If the finding of cheating is made based on conduct in a KO match and is rendered before play in the next KO round begins, the team containing the guilty player(s) shall forfeit the match in which the cheating occurred, and its opponent shall be declared winner of that match.

If the finding of cheating is made based on conduct in a KO match and is rendered after play in the next KO round begins, the team containing the guilty player(s) shall forfeit the match in which the cheating occurred and the match it is currently playing. In this situation, the DICs may allow the team most recently defeated by the team containing the guilty player(s) to replace the eliminated team, but are not required to do so.

If the finding of cheating is made after the Trials has concluded and if the team containing the guilty player(s) won the event, the team it defeated in the final KO round shall be declared the champion of the event and shall represent the U.S. in the WBF event for which that Trials selects teams. If the Trials selects two teams

and the team that lost in the Finals went on to win the USA2 Finals, then the losing USA2 Finalist shall represent the U.S. in the WBF event for which the Trials selects teams. All teams the contaminated team defeated in earlier rounds of that Trials shall be deemed to have won their match against the contaminated team and shall receive the corresponding placing points and masterpoint awards, but those teams shall have no further remedy.

If any USBF player or pair is found to have engaged in cheating in a WBF championship by either WBF or USBF, USBF will officially reject any medals in that event won by the team or pair on which that player or pair competed.

C. Subsequent Ineligibility Other than That Covered in Section B

A team with a player who is later not invited or approved by the WBF and/or the USBF for any reason other than the cheating covered in Section B (such as ethics, residency, conduct, hygiene, etc.) may be disqualified should it win any USBF Championship.

D. Players

Each player in a USBF Championship must be eligible to compete and intend to compete in the WBF championship for which the USBF Championship is a selection trial. Players in the USWBC must be women. Players in the USSBC and USJBC must have been born at a time that will make them the appropriate age for the WBF Senior or Junior Championship at the time of the WBF Championship.

E. Substitutes

With the approval of the DIC, substitutes may be allowed when there are temporarily fewer than four players able to play on a team. A substitute must be eligible to play in the event and must not be a participant in the event whose team has not been eliminated. A substitute must be of no greater expertise than the least expert player on the team who is not then playing. Substitutes may not play (in the aggregate) more than 50% of the boards in a Round Robin or in any KO match. E.g., one substitute may play for up to half a KO match or Round Robin, or two substitutes may each play for up to one quarter of a KO match or Round Robin match.

Substitutes may be used in more than one match or RR stage, subject to the aggregate limits above. For instance, a substitute could play the last quarter of one match and the first quarter of the following match, but that team would be allowed no further substitutions in any match.

No team may field more than two substitutes at one time.

F. Non Playing Captains

A Non Playing Captain (NPC) of a team may not be a player on another team in the event, unless that other team has been eliminated.

IV. WITHDRAWAL

A. Before the Event Starts

A registered player or team may withdraw before the USBF Championship starts. However, the Credentials Committee will review withdrawals made after entries close or no-shows by entire teams (especially a team with a bye). Players on such a team may be barred from future USBF Championships, or otherwise penalized, but late withdrawal for valid reasons is acceptable provided the Credentials Committee is notified as soon as possible by the players involved. Timeliness and circumstances will be considered before assessing any penalty against a team withdrawing from a USBF Championship or failing to show up for the event once having registered.

B. After the Event Starts

A team may withdraw from a USBF event at any time with the permission of the DIC.

In all stages of the event, the DIC will take into consideration health related matters related to a team's request to withdraw. During the KO stage the DIC may grant a withdrawal if the request was made because the team is substantially behind.

Any team that fails to play a portion or all of a match without having received the permission of the DIC to do so shall appear before the tournament Conduct and Ethics Committee and be subject to whatever penalty that committee deems appropriate.

If a team withdraws during a Round Robin scores will be awarded in accordance with section IX. F (Scores of Unplayed Matches) below.

If a team withdraws after a Round Robin has been completed and the team has qualified for the next stage of competition, the highest placed non-qualifier from the Round Robin will qualify for the next stage of competition. If the withdrawal takes place just before the K/O stage and before the bracket has been drawn, the highest placed non-qualifier takes its proper place in the bracket. If the withdrawal takes place after the bracket has been drawn, the highest placed non-qualifier replaces the withdrawn team in the bracket. If the highest placed non-qualifier is not available to compete in the next stage of competition, there shall be no replacement for the withdrawn team; in that case, if the next stage of competition is a Round Robin, it will proceed with one fewer teams, if the next stage of competition is a KO match, the team assigned to play the withdrawn team shall be the winner of the KO match.

If a team withdraws during a KO match, its opponent shall be deemed to have won the match.

If a team withdraws after winning a KO match, but before starting the next match, its next opponent shall be deemed to have won the next match.

V. CREDENTIALS COMMITTEE PROCEDURES

The Credentials Committee makes determinations both before and after USBF Championships. Before a Championship, the Credentials Committee may have to determine whether a team's Positioning Points should be reduced because the team has different players than those with whom it won its PPs. After a Championship, the Credentials Committee may have to determine whether a player on a team that has qualified to represent the United States is eligible to do so, and may also have to deal with augmentation issues. The general procedure in all of these situations is the same, but the specifics may be different.

Whenever a question is to be determined by the Credentials Committee, the USBF Secretary polls the entire committee and the result of that poll may decide the question or may necessitate forming a subcommittee to investigate the matter further.

A. Positioning Point Dilution

If a team that has earned Positioning Points for the USBC or USWBC adds one or two players for the Championship, the Credentials Committee shall determine whether the team's Positioning Points should be diluted or removed in accordance with the Special Conditions of Contest for the USBC or USWBC. The USBF Secretary shall poll the Credentials Committee regarding whether the team's PPs should be reduced. If all but one of the Committee members responding agree that the PPs should not be diluted, that will be the result (except that if there are not eight respondents, they must be unanimous). If two or more Committee members believe the PPs should be reduced, a subcommittee shall review the matter further. If a subcommittee is to review the matter, the USBF Secretary shall inform the captain of the team that the subcommittee is going to meet and that the team may present an argument to the subcommittee by email.

B. Eligibility of Player on Winning Team

If the USBF Board of Directors has a question about the eligibility to represent the United States of a player on a team that has qualified to represent the United States, the Board shall submit the name to the Credentials Committee. The USBF Secretary shall poll the committee regarding whether a subcommittee should be formed to review the player. If any member of the committee believes that a subcommittee should review the player thoroughly, a subcommittee shall be formed to do so and report back to the full Credentials Committee. The Credentials Committee will then vote on whether the player is eligible. If no member of the Committee believes that a thorough investigation is required, the player shall be approved.

C. Augmentation

A team representing the United States in international competition shall be composed of six players. If a team that qualifies to represent the United States has fewer than 6 players, an additional player or players shall be added to the team in accordance with the following procedure.

1 Team Nomination

The team may nominate a player or players to be augmented. If it does so, the USBF Secretary shall poll the entire Credentials Committee regarding whether any member of the committee believes that the normal augmentation procedure should be used. If all of the members of the Credentials Committee respond that the player(s) should be added, the proposed player(s) shall be approved. If not, the normal procedure shall be employed.

2 Normal Procedure

If there is no nomination by the team or if any member of the Credentials Committee believes that the normal procedure should be employed, the following shall be the procedure.

a. Announcement of Need to Augment

The USBF Secretary shall send an email to every USBF Active or Resident Member who has provided USBF with his or her email address and post a notice on the USBF website stating:

- A team that has qualified for the (named) WBF Championship has fewer than 6 players.
- Additional player(s) will be selected.
- Eligible members may submit their names for augmentation in accordance with Section B below.

b. Players Submit Names

Any Active or Resident Member of USBF may inform the USBF Secretary that he or she wishes to be considered for augmentation. The member may include a statement regarding why s/he would be an appropriate player to be added. The statement may include information about any partnerships the player has with players already on the team to be augmented and any other information the player deems relevant. By submitting his or her name for augmentation, a player agrees that if selected, s/he will play on the team in the World Championship, barring any unforeseen events.

c. Augmentation Committee Chosen

An Augmentation Committee shall be selected from the members of the USBF Credentials Committee. Normally, the Augmentation Committee will be self-

selected. The USBF Secretary shall ask all members of the Credentials Committee if they are available to serve on selected dates and times and if they have any reason to believe that they have a conflict. Any Credentials Committee member who is available and does not have a conflict shall become a member of the Augmentation Committee.

d. Augmentation Committee Selects Players

The Augmentation Committee shall review the names of players who have asked to be added to the team and shall select the player(s) whose addition to the team would result in the strongest possible team. Before making its decision, the Augmentation Committee shall consult with the team captain and may ask for additional information from any player who has asked to be augmented. Normally, the augmentation committee will select from 3 to 5 players or pairs.

e. Team Selects Player(s) to be Added

The Augmentation Committee shall send the names of player(s) it has selected to the team captain. The team captain shall select the number of players necessary to augment the team to 6 players from among the players whose names were provided by the Augmentation Committee. The players so chosen shall be added to the team.

f. If Team Fails to Select Players, Full Credential Committee Chooses Player(s) to be Added

If the team is unable to agree upon the necessary number of players from the list provided to them, the full Credentials Committee (except for any members who have a conflict) shall meet and choose the players to be added to the team.

D. Subcommittee Procedures

To the extent possible, a subcommittee making a ruling prior to a Championship shall consist of players who have not entered the Championship.

A subcommittee shall have at least 5 members and no more than 10 members.

Each subcommittee shall select a chair. Subcommittees normally meet by telephone conference call. Each subcommittee may decide matters of procedure for itself, including whether to permit any persons who might be affected by the subcommittee's decision to make oral arguments to the subcommittee. The subcommittee shall consider any written statements presented to it by persons who will be affected by its decision.

VI. RESIGNATION

A majority of players who were on the winning team are required for a team to continue to be eligible to represent the United States (4 of 6, 3 of 4 or 5). If, after resignations, fewer than a majority of original team members remain, the next highest placed team in that USBF Championship shall become eligible to

represent the United States. In that situation, no player who resigned from the winning team shall be eligible for augmentation to the new team representing the United States.

Circumstances of a player's resignation from a winning team will be reviewed by the USBF Credentials Committee and may affect that team's certification to represent the United States and any resigning player's ability to participate in future USBF Championships.

VII. COMPLIANCE WITH WBF REQUIREMENTS

Each player in a USBF Championship, by entering the event, agrees that in the event the player represents the United States in a WBF Championship, he or she will comply with WBF requirements for the championship. These requirements include, among other things:

Drug Testing: Each player must be willing to submit to drug testing mandated by WBF.

Publicity: Players may be videotaped at any time during the championship and agree to the use of video footage or other photographs to publicize the championships and for any other reasonable purpose of the WBF.

VIII. SYSTEMS AND CONVENTIONS

A. Methods Allowed

1 In Long Knockout Matches

Any method included on the ACBL Super-Chart is allowed in a Knockout match of 60 or more boards.

2 In Round Robins and Short Knockout Matches

Only methods included on the ACBL Mid-Chart are allowed in any Round Robin phase or in a knockout match of fewer than 60 boards.

B. System Summary Form and ACBL Convention Card

1 System Summary

Each pair is required to complete a System Summary Form (SSF) on the USBF website <www.usbf.org> at least 2 weeks in advance of the Championship and have it available for their opponents the day before a match, immediately before play and during a match. If a pair files the SSF late, or fails to file it, that pair's team will lose seating rights in one segment for every day the SSF is late. The System Summary Form is attached to these General Conditions of Contest as Appendix A.

Each participant in the Championship is responsible for reviewing his or her opponents' System Summary Forms in advance. Any time in excess of 5 minutes spent at the table on preparation for methods properly described on the System Summary Form shall be charged to the players preparing for the methods and not to the players using the methods.

2 ACBL Convention Card

Each pair is required to complete an ACBL Convention Card and submit it to Jan Martel for posting on the USBF website 2 weeks in advance of the Championship and each player is required to bring the ACBL Convention Card to the table.

Provision of System Summary and Convention Card to Opponents

Upon arriving at the table, each player should give the partnership's System Summary Form and ACBL Convention Card to his or her screen mate for the screen mate's use during the match.

C. Advance Submission Form and Recommended Defense

1 Requirement for Advance Submission Forms and Defenses

Any pair employing an ACBL Super-Chart opening bid or overcall must submit an Advance Submission Form describing the method and provide a Recommended Defense to the method. Advance Submission Forms are to be completed online at www.usbf.org. The forms are attached as Appendix B to these General Conditions of Contest. Instructions for completion of Advance Submission Forms are included on the forms. Note that although unusual responses and methods for which there is an ACBL Approved Defense do not require an Advance Submission Form, they must be clearly described on the System Summary Form under "Methods that May Require Advance Preparation."

2 Methods for Which ACBL has an Approved Defense

If there is an approved defense to a method posted on the ACBL website at the closing date for entries to the USBF Championship, that defense will be acceptable as the Recommended Defense for that method and will be deemed adequate. Players using such methods are not required to file an Advance Disclosure form or recommended defense in advance, but must make that defense available to their opponents at the tournament, both on the day before a match and at the table.

3 Submission Procedure

Advance Submission Forms and Recommended Defenses shall be completed on the USBF website at least four weeks in advance of the Championship. Upon completion, they will be subject to section 4 below.

4 Review and Adequacy

Each participant in a USBF Championship is responsible for reviewing the Advance Submission Forms and Recommended Defenses submitted by other participants. Any participant who has an objection to the completeness of the Advance Submission Form or the adequacy of the Recommended Defense shall make that objection to the Conventions Committee of the USBF Championship within 1 week after the date upon which the Advance Submission Form or Defense was posted on the USBF website or 3 weeks prior to the Championship, whichever is later. If the Conventions Committee deems that the Advance Submission Form or Recommended Defense is not adequate it will require the players submitting the Advance Submission Form or Recommended Defense to improve it. No pair may employ a method if an objection has been made to the Advance Submission Form or Recommended Defense unless and until the Conventions Committee approves the Advance Submission Form or Recommended Defense.

If no objection is made to a Recommended Defense by 1 week after the date upon which it was posted on the USBF website or 3 weeks prior to the Championship, whichever is later, the Recommended Defense shall be deemed adequate, unless there were serious errors or omissions in the Advance Submission Form describing the bid for which the defense is recommended.

5 At the Championship

Each pair employing a method requiring an Advance Submission Form and Recommended Defense must bring copies of the Advance Submission Form and Recommended Defense to the Championship and make them available to their opponents both on the day preceding a match and at the table immediately prior to play.

D. Use of Written Defenses at the Table

Players may bring their own written defenses to unusual methods to the table and may refer to their own written defenses or the recommended defense provided by the opponents. For purposes of this rule, “unusual methods” are:

- 1) Any artificial opening bid that does not promise above average values
- 2) Any artificial response that promises neither 4 or more cards in a known suit nor game invitational values, except a response to a Strong, Artificial opening bid.
- 3) Any artificial overcall that does not promise 9 or more cards in two known suits.

E. Exception to Advance Submission Requirement

If any pair desires to employ a Mid-Chart or Super-Chart method for which they did not submit an Advance Submission Form and Recommended Defense as required under section C above, they may do so if and only if:

- 1) at least one other pair in the Championship submitted an Advance Submission Form and Recommended Defense for the method in a timely manner, and
- 2) if the pair desiring to play the method had submitted an Advance Submission Form it would have been identical to that submitted with regard to weak meanings for any bid.

F. Additional Convention Regulations

1 Use of Method without Compliance with Section C above

If a pair uses a method requiring an Advance Submission Form and written defense without having complied with Section C above, in addition to any possible score correction under the Laws of Duplicate Bridge, the DIC shall

impose a 3 imp procedural penalty for each offense. Requests for application of this penalty shall expire at the beginning of the next segment of play.

2 Accessibility of System Notes.

If requested by a director, appeals committee or recorder, pairs shall produce any written agreements or system notes. Pairs who do not make their notes available or do not have their system notes on site may get the worst of any ruling or inquiry dependent on partnership understandings.

IX. ROUND ROBIN PROCEDURES

A. Victory Point Scales

The Victory Point Scales set forth in Appendix C shall be used in Round Robin matches.

B. Balanced Play Requirement

Any time that two teams will meet for more than one segment in the same Round Robin stage of a USBF Championship, either because the matches in a Round Robin are played in two or more separate segments, or because there are two or more complete Round Robins comprising one stage of the Championship, each player on a team must play at least one half of the segments against each other team.

C. Seating

1 Matches Played Straight Through

When matches are played straight through, they will normally be played in clumps of two or three matches to save time. Player substitution is allowed during a clump of matches, but no extra time is allowed for score comparison.

a. Setting the Bracket

The DIC shall determine the order in which matches shall be played prior to the event, but shall not disclose that order of play until immediately prior to each clump of matches, except that if teams will have byes, the DIC shall tell each team when its bye will be at the Captains' meeting preceding the Round Robin.

b. Advance Submission of Line-ups

Teams shall submit their line-ups for all matches in a clump to the DIC in advance of each clump and before any pairings for that clump are known (a "clump" is a set of boards played consecutively without time for score comparison).

2 Matches Played in Halves

a. Matches in which teams are not sequestered

When matches are played in halves, for all matches other than those in which one half will involve sequestering (see Section E below), each team shall have seating rights in one half of each match. To determine which team has seating rights, the matches shall be numbered in the order in which they are played. The higher ranked team shall have seating rights in the first half of each odd numbered match, the lower ranked team shall have seating rights in the first half

of each even-numbered match. The team with seating rights seats its players after the other team has seated its players.

D. Tie Breaking

A tie is when there is no mathematical difference between teams according to the VP scale in use. Ties shall be broken only if the exact finish of the teams is relevant to which teams advance to the next phase of the competition or to the seeding of the next phase of competition. In those events, ties will be broken by VP's against all tied teams, then by successive two-board matches

E. Closed Room for Final Session of Play

The final session of play of any Round Robin shall include at least 15 boards during the play of which one room shall be Closed, with no substitution of players allowed in that room ("sequestered matches"). Substitution of players will be allowed between matches in the Open Room. No score comparison shall be allowed during this final session of play.

F. Scores of Unplayed Matches

1 If a team withdraws before it has played any matches

If a team withdraws from the event before it has played any matches in a Round Robin, no score shall be assigned to the teams that remain in the Round Robin because they do not play the team that has withdrawn.

2 If a team withdraws after having played one or more matches

If a team withdraws from the event after it has played one or more matches in a Round Robin, the scores of matches that have been played shall not be affected by the withdrawal. Any team that does not play its scheduled match against the withdrawn team shall be assigned the greater of the average of the Victory Points earned by the team(s) that did play against the withdrawn team or the average of the Victory Points it earned against all other teams for the missed match.

X. KNOCKOUT PROCEDURES

The following procedures apply to any Knockout matches in a USBF Championship.

A. Setting the Bracket

The bracket shall be set in accordance with the Special Conditions of Contest for the USBF Championship.

B. Knockout Seating Rights.

For each segment of KO play, there is an Away team, (the unseeded team) which seats its players first, and a Home team, (the seeded team) which seats its players second.

Before the match starts, preferably immediately after the teams are known, seating rights are assigned as follows:

1. The higher ranked team elects either to choose one segment in which to be the Home team, or passes the first choice to the other team.
2. Then the team that did not choose first selects two segments in which to be Home.
3. Next, the first team to select selects two segments to be Home.
4. The teams continue to alternate choosing two segments each until only one segment is left. The team that would be next to choose is Home in that segment.

Normally segments will be 15 or 16 boards, but a segment may be any number of boards after which the teams will compare and then re-seat themselves.

In matches where there are seating rights, teams are encouraged to make their line-ups known to their opponents as soon as possible. A member of the Away team must be in the playing area with its line-up ten minutes before the start of a segment. A member of the Home team must advise the away team of its line-up five minutes before the start of a segment. Failure to comply will be treated as tardiness. Should there be a line-up board available, the line-ups must be noted on the board within the above time limits in order to be timely. In matches where there are seeding rights, teams are encouraged to make their line-ups known to their opponents as soon as possible. A member of the Away team must be in the playing area with its line-up ten minutes before the start of a segment. A member of the Home team must advise the away team of its line-up five minutes before the start of a segment. Failure to comply will be treated as tardiness. Should there be a line-up board available, the line-ups must be noted on the board within the above time limits in order to be timely.

C. Knockout Round Tie Breaking.

Ties in knockout matches will be broken by one (or more, if necessary) additional segments of 8 boards if a match of 120 boards or more or 6 boards if less than a 120-board match.

Ties for byes, seeding, or bracket number will be broken by a coin-flip.

XI. TIME

A. General Principles

These Conditions of Contest are based on the position that the quality of time used is more important than the amount of time used. A player or pair who habitually wastes time will be subject to the sanctions set forth below (Ladder of Penalties).

Some examples of time wasted are:

1. Taking undue time to play for an overtrick in a cold contract.
2. Refusing to play a card in a hopeless situation.
3. Post-mortems
4. Breaks
5. Unnecessary questions

Some examples of legitimate use of time are:

1. When the dummy comes down
2. Playing a difficult contract
3. A difficult defensive decision.
4. A high-level competitive decision.
5. Any kind of slam auction.
6. Difficult choice of game decisions.

Appendix D Instructions for Time Monitors, more fully discusses the way in which use of time should be evaluated.

B. Time allotted.

In USBF Championships, the schedule of play is based on 8.5 minutes per board for KO matches and 9 minutes per board for Round Robin matches. In a Round Robin where several matches are played in one session, the DIC may schedule additional time for changing tables.

C. Penalties

1 In a Round Robin

In Round Robin play, when a match is not completed although time has expired, the DIC shall curtail the match by removing boards if the auction has not begun before time expired. If one team is found responsible for the slow play, its opponents will be awarded the greater of 3imps per board removed, or the imps its other-table result would normally earn.

2 In a Knockout Match

In knockout play, the DIC may impose the ladder of penalties set forth below when in the DIC's opinion, which may be based upon statements by an independent observer ("time monitor") as well as direct observation by the Directors, a pair has wasted an excessive amount of time. In order to avoid giving any unwanted incentive for a slow pair's opponents to slow down, it is

possible for an egregiously slow pair to incur a time penalty, even when the table finishes the session on time. The DIC shall take into consideration the ratio of the number of segments and amount of time a pair or player has wasted to the number of segments such a pair or player has played.

The DIC may also curtail boards, if necessary for the orderly progress of the event.

D. Ladder of Penalties

When the DIC has determined that it is appropriate to assess a penalty against a team because one or both of its pairs has wasted an unreasonable amount of time, normally, the following penalties will be assessed in order. In egregious situations, the DIC may accelerate the ladder of penalties or impose additional penalties, in the DIC's discretion. Time penalties imposed by the DIC shall not be appealable:

1. A written warning shall be given to the team captain stating that the DIC has concluded that the pair wasted an unreasonable amount of time.
2. The team shall lose its seating rights for the next segment in which it has seating rights
3. The team shall lose between 3 and 9 IMPs, based upon the DIC's assessment of how serious the waste of time was. An IMP penalty may be imposed only if the match was shown on BBO Vugraph or a Time Monitor was present throughout substantially all of the segment for which the penalty is assessed.

E. Time Monitors

When the DIC believes a pair or a table is playing at a pace slower than normal, he may assign a time monitor to the table.

When a team has been warned and has lost its seating rights, the DIC shall assign a Time Monitor to the table(s) of the pair(s) at fault for any additional segments those pairs play.

The time monitor shall assess the time being taken in accordance with the provisions of Paragraph A above and the Time Monitor Instructions. Any time the Time Monitor believes a player or pair has wasted a significant amount of time, the Time Monitor shall inform the player or pair that he or they might be in danger of being penalized.

F. Long Term Slow Play

Whenever a player or pair has, in the sole opinion of the DIC, wasted an unreasonable amount of time in a significant number of segments, the DIC shall prepare a report documenting that fact and file it with the USBC Conduct & Ethics Committee. The USBC Conduct & Ethics Committee shall write the offending player(s) informing them that the DIC found them to be guilty of excessive waste of time and that should such behavior be repeated at a future USBF Championship, the player(s) will be subject to being barred from competing in one or more USBF Championships.

G. Tardiness.

Play shall begin at the announced starting time. **Players shall arrive five minutes before the announced starting time (10 minutes if playing Mid-Chart/Super-Chart conventions) for the purpose of discussing opponents' methods.** Pairs who do not arrive at the table in accordance with the above are deemed to be tardy. A tardy pair may be held responsible if a table's play exceeds the time allotted for the segment. Players who are egregiously tardy may be referred to the USBF Conduct and Ethics Committee for possible disciplinary action. When tardiness exceeds 10 minutes from the announced starting time the Director shall curtail the match by removing one board and one additional board for every 9 minutes later than the original 10 minute tardiness. The opponents will be awarded 3 IMPs per board removed.

XII. REQUIRED PERCENTAGE OF BOARDS

A. Counting Boards.

- 1) For the purposes of 5 or 6 handed teams playing in a Round Robin with an odd number of matches, the play requirement is slightly relaxed to matches divided by 2, rounded down to the nearest whole match. As an example, each player is only required to play 4 out of 9 matches.
- 2) In cases of forfeiture, the winning captain shall notify the DIC of the assignment of the “unplayed” playing time to particular team members.
- 3) Boards played in a playoff between tied teams do not count.

B. Failure to Play Required Percentage of Boards.

- 1) If a member of the winning team has failed to play:
 - a) Either 50% of the matches in any Round Robin (each Round Robin is a separate stage), or,
 - b) At least 50% of the boards in any knockout match,that player will appear before the Tournament Conduct and Ethics Committee at the conclusion of the match in which such a failure has occurred.
- 2) No exemptions from the play requirement will be granted prior to the start of play for any reason. Once play has begun, if such a failure occurs:
 - a) Prior to the final match, the Tournament Conduct and Ethics Committee will normally not allow that player to continue to be a member of the team, but may allow that player to remain if there is a clear reason for failure to play the required number of boards other than bridge skill. Should that player be permitted to continue, the Committee may increase the percentage of boards required for that player in later matches.
 - b) In the final match, the Tournament Conduct and Ethics Committee will normally decline to submit that player's name to the USBF as a team member, but it may include the player if there is a clear reason for failure to play the required number of boards other than bridge skill.

In either instance, the Tournament or USBF Conduct and Ethics Committee may discipline a player and/or the player's team if such player failed to play the required percentage of boards for non-health related reasons.

The regular partner of a player who failed to play the required percentage of boards for a health related reason shall be considered to have a health problem also.

XIII. APPEALS AND CONDUCT AND ETHICS COMMITTEES

A. Establishment; Timeliness of Requesting Ruling or Appeal.

1 The time limit for an appeal of, or to request a ruling, expires 30 minutes after the end of any segment, session or match, or when the next segment, session or match begins, whichever is earlier. However, at the DIC's discretion, a later appeal may be heard in regard to issues that were not immediately discovered due to the use of screens.

2 The right to appeal for a score correction expires at the start of the next segment of a Round Robin, the next session of the same Knockout match, 15 minutes before the start of the session of a new Knockout match on the same day, one hour before the start of a new Knockout match on a different day, or in the case of the last segment of the final or any repechage final, 60 minutes after completion of play.

B. Jurisdiction of Committees and Regulations.

By participating in a USBF Championship players agree to the following regulations and procedures.

1 Tournament Committees

Two committees will be available at any USBF Championship to hear director's rulings and appeals of assessed penalties, conduct disciplinary proceedings and similar matters.

- a) The Appeals Committee for the USBF Championship will appoint a Tournament Appeals Committee and an Appeals Administrator. The Tournament Appeals Committee will handle matters usually referred to committees at tournaments (e.g., appeals of director's rulings, review of late play penalties, etc.). The Appeals Administrator shall organize appeals committees in such a way as to have a procedure as close to that which would exist if all of the members of the Committee hearing an appeal were at the tournament. Normally, this will involve a telephone conference call. If a telephone conference call is not feasible, the Appeals Administrator may use some other procedure, but shall attempt to use a procedure that allows interaction among the committee members. The members of the Tournament Appeals Committee will normally be listed on the front page of the Special Conditions of Contest for the USBF Championship, but the Appeals Administrator may appoint people not listed to a committee for a specific appeal, if it is not possible to form a committee from listed Tournament Appeals Committee members. The decision of a Tournament Appeals Committee shall be subject to appeal only on questions of law. Otherwise, the decision of the Committee is final. Any appeal on a question of law must be made in accordance with the provisions of the USBF Bylaws.

- b) The Tournament Conduct and Ethics Committee will hear serious matters such as those that might result in disqualification of a team or player, (including when such a player has failed to play the required percentage of boards), or such as would affect the participant's USBF playing or membership rights. Matters may be brought to this committee through the DIC or may be referred to it by an Appeals Committee. Conduct and Ethics Committee members are appointed by the DIC and the Tournament Appeals Administrator. Sanctions by this committee may be appealed to the USBF Grievance and Appeals Committee in writing up to 15 days after the conclusion of the event. By entering a USBF Championship, participants agree to be subject to the Bylaws, rules, and procedures of the USBF. Such Bylaws require an aggrieved participant to seek binding arbitration after exhaustion of all other administrative remedies.

2 Regulations governing players in a USBF Championship

Playing in a manner to advance the interest of one's opponent, or inducing or attempting to induce another to play against their best interest or against the best interest of their own team is subject to discipline.

Providing any inducement to a player not to compete in the event is subject to discipline.

Players are subject to the regulations in Section XII – Security and the regulations and By-Laws of the USBF.

USBF Championships will be governed by the ACBL interpretation of the Laws of Duplicate Bridge.

XIV. BIDDING BOX AND SCREEN PROCEDURES

A. Bidding Boxes (no screens)

Players must choose a call before touching any card in the box. A call is considered made when a bidding card is removed from the bidding box and held touching or nearly touching the table or maintained in such a position to indicate that the call has been made.

A call may be changed without penalty under the provisions of Law 25 only if a player has inadvertently taken out the wrong bidding card, and the player corrects, or attempts to correct without pause for thought, and the player's partner has not made a call.

The skip-bid warning is given using bidding boxes by displaying the Stop Card, making a call and then replacing the Stop Card in the bidding box. LHO is obligated to wait 10 seconds (while giving the appearance of studying his hand) before making a call.

B. Screen Procedures

The screen is placed diagonally across the table in such fashion that North and East, South and West are screen mates (*unless otherwise required as a reasonable accommodation to a disabled player*). The board is placed in the middle of a moveable tray. The screen is closed so that the bidding tray can just pass under it. The players now remove their cards from the board.

Starting with the dealer, players place bidding cards silently on their section of the tray, from the extreme left-hand edge, neatly overlapping so that all calls are visible and faced towards partner. A call is considered made when a player releases it onto the tray (but law 25 may apply). North and South pass the tray under the screen after their screen mate has called, and the tray should be placed so that all calls are visible on the other side. There shall be no oral communication at the table during the auction period. After the final pass, players remove their bidding cards. At this point, the declaring side may exchange information about their own explanations.

The opening lead shall be made face-down. The declaring side may initiate a review of the alerts made by their side and may question their non-screen mate about the defender's alerts. Opening leader's screen mate announces that the lead has been made, a defender raises the screen, and play proceeds. The screen is raised only to a level that permits all players to see all the cards. Dummy shall not look at an opponent's hand.

After the screen has been raised, the declaring side may clarify any alerts that have been made by either side, and may ascertain whether the same information was provided by both players of a partnership.

The International Code of Duplicate laws is in effect except as specified below:

LAW 9A(2)(b)(1) LAW 42B(3); LAW 43A(1)(b)

Dummy may call attention to a defender's card prematurely exposed.

Law 12:

Law 12C1(c) shall apply for USBF events.

LAW 13:

The artificial adjusted score and penalty prescribed in the first paragraph apply only if the call has been transmitted to the other side of the screen.

LAW 16:

A bidding tray returned in 15 seconds or less normally creates the presumption that there is no Unauthorized Information (UI). A tray returned after a longer period may be considered to have made UI available if it is apparent that one side is responsible for the delay.

In tempo-sensitive situations and at random times, players may delay the tray but only to insure that it remains on their side of the screen for up to 15 seconds. A

player whose actions (e.g., asking or answering questions audibly, clicking bid cards against bid box or tray, etc.) permit players on the other side of the screen to identify when a specific action on his side was taken may be liable for UI and/or may abrogate his side's right to claim damage due to UI.

Under certain circumstances, questions asked may be considered the equivalent of holding the tray.

Until the conclusion of play of the hand, only a player on the opposite side of the screen from the side on which an alleged hesitation occurred may summon the director regarding a hesitation.

LAW 20:

Review of the Auction:

Until the bidding cards are removed from the tray, a player obtains a review of the auction by inspecting them. At trick one, when a player is still entitled to obtain a review and an inspection of the bidding cards is no longer feasible, a player obtains a written review of the auction from his screen mate.

Explanation of Calls:

1. During the Auction:

At any time a player may request, in writing, of his screen mate a full explanation of an opponent's call. The reply, also, is in writing.

2. Prior to the Opening Lead:

a. The opening leader is permitted to ask for clarification in writing from his or her opponent on the other side of the screen.

b. The declaring side may, on their own initiative, confirm explanations given on the other side of the screen and is encouraged to do so for complex and potentially ambiguous auctions.

3. After the Screen is Raised:

Third hand (opening leader's partner) is permitted to ask for clarification in writing after the screen is raised.

4. During the Play Period:

Questions during the play period should be in writing with the aperture closed. The screen is raised after the response has been made in writing.

LAWS 26 THROUGH 32; LAW 34; LAWS 36 THROUGH 39:

For the infractions covered by these laws, the following procedures are used:

A. Tray not Passed:

Before an irregularity is passed through the screen the offender or his screenmate shall draw the Director's attention to it. Infringing calls shall not be accepted and shall be put right without other rectification (but see (B)(ii) below);

any other irregularity shall be rectified and the Director ensures that only the legal auction is passed through the screen.

No player on the other side of the screen shall be informed of the occurrence unless the application of a law requires it.

B. After Tray is Passed

An irregularity passed through the screen is subject to the normal laws, with the following provisions:

- i) an inadmissible call - see Law 35 - must be corrected
- ii) if a player infringes the law and, inadvertently (otherwise Law 23 may apply), the irregularity is passed through the screen by his screenmate the latter has accepted the action on behalf of his side in situations where the laws permit LHO to accept it.

C. Irregularity not Noticed:

When the infringing call is passed across the screen, and neither player there draws attention to it, the tray eventually being returned to the side of the screen where the bidding irregularity was committed, the auction stands without penalty or rectification. However, in the case of an inadmissible call, Law 35 applies.

D. Information -- Authorized or not:

Information from withdrawn calls is unauthorized for any partnerships at fault but authorized for a player or partnership that has committed no irregularity.

LAW 33:

The subsequent call is canceled without penalty.

LAW 40:

Alerts:

When an Alertable call is made, the player alerts his screen mate. When the tray is passed, both players should immediately alert partner's Alertable call.

LAW 41A:

Opening Lead out of Turn:

The offender's screen mate should attempt to prevent any opening lead out of turn. A face down lead out of turn is retracted without penalty. A faced opening lead out of turn is retracted without penalty if the screen has not been raised. When the screen has been raised after a faced opening lead out of turn -- through no fault of the declaring side:

- a) And the other side has not yet led face up, the lead is considered to be out of turn and Law 54 applies.
- b) And the other side has also led face up, the card becomes a major penalty card.

When the declaring side has incorrectly opened the screen, the lead is accepted. The director shall award an adjusted score if he considers that the player who opened the screen could have known that it would be to his advantage to accept the lead.

LAW 73 D:

During the auction period, after an opponent has acted quickly, it is proper to adjust the tempo back to normal, but not beyond normal, by either delaying one's own call (place the bidding card faced in front of, but not on, the tray) or by waiting before passing the tray.

LAW 76:

Spectators may not sit so they can see both sides of the screen.

XV. SECURITY

Tournament directors are expected to address any departure from these rules immediately and are empowered to warn, penalize (seeding, seating, IMPs) or refer to the Tournament or USBF Conduct and Ethics Committee or the USBF Recorder.

A. Rules Applicable to Players

- a) When a hand has started, all players, except dummy during the play, should remain at the table. While dummy is permitted to leave the table (and remain away from the table until the hand is completed), dummy is expected to courteously inform the table that he is departing. The departure may not be disruptive and dummy must make sure that he does not see the hands of the other players.
- b) When dummy has left the table, dummy has lost all rights. If there is a surrogate dummy, such dummy has no rights.
- c) Once play of a segment has begun, unless escorted or monitored, both members of a pair may not be away from the table at the same time until the segment is completed. If a pair wishes to converse in private, they must be monitored by a tournament official.
- d) Until the segment has been completed, players leaving the room must be escorted. Players may be escorted by opponents, neutral kibitzers, or tournament officials or their designees.
- e) Any special tactics or change in tactics must be disclosed to the opponents.
- f) When using screens, players are required to cooperate by bidding silently, writing questions, writing answers to questions, and generally making as little noise as reasonably possible.
- g) A player upon finding himself in a position in which security is compromised must report the situation to a tournament director immediately.
- h) No electronic communication devices (other than health aids) are permitted to be in the possession of anyone other than a tournament official or Vugraph operator in a playing room. If a player is found in possession of an electronic device in the playing room during a Round Robin match, the player's team shall be penalized 3 Victory Points. If a player is found in possession of an electronic device in the playing room during a Knockout match, the player's team will be penalized 9 IMPs. Tournament directors will handle emergency/important paging situations on a case by case basis at their discretion.

B. Rules Applicable to Kibitzers

Unless otherwise stated, "Kibitzer" includes Media and NPCs.

- a) During any use of duplicated boards across multiple matches, Kibitzers must select one table for kibitzing and may not move to any other table during a session or segment.
- b) Kibitzers may not speak with players, must watch only one hand at a time, may not sit in such a position as to see more than one hand at a time, may not sit in such a position as to see a computer screen in use for Internet broadcast, must check communication devices with the Director, cannot call attention to irregularities other than a board being placed incorrectly on the table (arrow positioning), but may serve as witnesses to a possible irregularity.
- c) Kibitzers must enter the playing room before play commences. Kibitzers are required to remain until the segment of play is completed at the table they are watching or to leave the playing area entirely. Kibitzers are expected to abide by the same rules as the players regarding leaving the room (e.g. be escorted to the restroom).
- d) Except as expressly provided in these conditions and appendices, NPC's shall be subject to the WBF General Conditions, Section 16.
- e) No one other than the Internet broadcast personnel and Tournament Directors may watch any computer screen or any other mechanism for enabling the Internet broadcast at any time in either the Closed or the Open Room.
- f) These rules may be revised in specific instances by the DICs for the orderly running of the event.

APPENDIX A. SYSTEM SUMMARY FORM

System Summary Form

Directions for completion: Select all of the text within a box, delete it and replace it with text that describes your methods. File completed form with USBF webmistress <shortsuit@Voyager.net>

Names:

Team:

We play the following methods that may require advance preparation:

List here both methods that are ACBL Pre-alerts and other methods that your opponents may want to consider in advance, such as a 1NT overcall that is the equivalent of a takeout double, transfer responses, 2-way bids (1M-3♣ shows 4 card support, either weak or FG; 1♦-2♥ is either a SJS in hearts or an invitational balanced hand). You may also be required to attach an Announcement Form or Recommended Defense.

Our general bidding style is:

Include here something like this:

5 card Majors, Strong NT, 2/1 Forcing to game except 1♦-2♣.

We open balanced hands with 12 HCP and unbalanced hands with 10 or 11 HCP.

May respond with a very weak hand.

1 level overcalls light, 2 level overcalls tend to be sound.

Our defensive signaling philosophy is:

Include here something like this:

Standard signals.

Signaling priority is Attitude, Count, Suit Preference.

We give suit preference in the trump suit.

First discard is odd/even.

Vs. NT we lead 4th best, but will often lead high or second high from bad 4 card suits.

Vs. suits, we lead 3rd from even, low from odd, but may lead high from 3 small in partner's raised suit.

Smith vs NT: High cards in declarer's first suit encourage the opening lead suit.

APPENDIX B. ANNOUNCEMENT FORMS

NON-GCC OPENING BID ANNOUNCEMENT FORM

This form is to be completed online in accordance with the Conditions of Contest for the event

Names:
Team _____ Event _____
Opening bid of _____ in _____ seat at _____
Shows:
Detailed Description:
Responses and Rebids in Uncontested auctions
With what hands will responder pass the opening bid?
Meanings of other responses and rebids:
Competitive Agreements
Responses after opponent's DBL (including P, RDBL and expected follow-ups)
Responses after opponent's overcall:
Rebids after 4 th hand DBLs the response:
Rebids after 4 th hand overcalls:
Suggested Defense
May attach a separate sheet. If there is an approved defense to this method in the ACBL Defenses Database (posted on ACBL website), you may reference that defense here and bring a printed copy of that defense to the table.

NON-GCC OVERCALL ANNOUNCEMENT FORM

This form is to be completed online in accordance with the Conditions of Contest for the event

Names:	
Team	Event
After opponents opening bid of	showing
Our overcall of	at vulnerability
Shows:	
Applies: Opposite PH; Opposite UPH; All the time	
Detailed Description:	
Responses and Rebids When Responder Passes	
With what hands will advancer pass the overcall?	
Meanings of other advances and follow ups:	
Competitive Agreements	
Responses after opponent's DBL (including P, RDBL and expected follow-ups)	
Responses after opponent's bid:	
Rebids after opener DBLs the overcall (1X)-2Y-(P)-P-(DBL)-?	
Rebids after opener DBLs advancer's bid:	
Rebids after opener's suit rebid:	
Suggested Defense	
May attach a separate sheet. If there is an approved defense to this method in the ACBL Defenses Database (posted on ACBL website), you may reference that defense here and bring a printed copy of that defense to the table.	

NON-GCC RESPONSE AND REBID ANNOUNCEMENT FORM

This form is to be completed online in accordance with the Conditions of Contest for the event

Names:

Team

Event

Response of _____ To opening bid of _____ in _____ seat at _____ vulnerability

Opening bid shows: Describe hands shown by opening bid

(be complete here)

Detailed Description: **(Applies by PH? If a transfer, does it promise suit?)**

Rebids in Uncontested auctions

With what hands will opener pass the response?

Meanings of other rebids:

Competitive Agreements

Rebids after opponent's DBL (including P, RDBL and expected follow-ups)

Rebids after opponent's overcall:

Suggested Defense

Provide a written defense for your opponents to use when this response is used;
May attach a separate sheet.

APPENDIX C. VICTORY POINT SCALES

Margin	4 Boards		5 Boards		6 Boards		7 Boards		8 Boards		9 Boards		10 Boards	
	Winner	Loser	Winner	Loser	Winner	Loser	Winner	Loser	Winner	Loser	Winner	Loser	Winner	Loser
0	10.00	10.00	10.00	10.00	10.00	10.00	10.00	10.00	10.00	10.00	10.00	10.00	10.00	10.00

APPENDIX D. TIME MONITOR INSTRUCTIONS

Time monitors are asked to spend a substantial amount of time in the playing room, watching what goes on. They are there primarily so that the Directors will know which player or pair to penalize if a pair uses too much of their allotted time.

The USBF have concluded that in determining whether a pair is guilty of slow play, the **quality** of time taken can be a more important factor than the **quantity** of time taken. A player who takes extra time playing a hand for an overtrick is guiltier of slow play than another who takes extra time playing for his contract. A player who takes time to discuss a played hand shall be charged with wasting time. A player who is tardy will be charged with wasting time.

The following are examples of improper use of time, which should be considered to be wasting time:

- 1) Taking undue time to play for an overtrick in a cold contract. While overtricks are part of the game, they are relatively insignificant in the grand scheme of things. Of course there is nothing wrong with going after an overtrick as opposed to just claiming. But when a player takes excess time to do this, that is time-wasting. Of course if the contract is doubled then overtricks become important, so a player may legitimately take some time going for an overtrick.
- 2) Squeezing out the last percentage point. Of course a player is entitled to spend time finding the percentage play. But when it comes down to choosing between a 95% line of play and a 99% line of play, taking undue time deciding between these choices is time-wasting.
- 3) Refusing to play a card in a hopeless situation. Quite often a declarer or defender can see that there is no chance to achieve his objective. Some players will sit for minutes looking for what they know is impossible. This is time-wasting.
- 4) Constant rechecking. Of course a player is entitled to recheck his conclusions. But some players go over the same thought process for minutes before finally doing the obvious thing that they knew after a few seconds that they were going to do. These players are wasting time.
- 5) Taking a long time for an opening lead on a simple auction. Of course if the auction is complex and revealing, a player may have a lot to consider. But when the auction is 1NT-3NT or 1♠-2♠-4♠, there simply isn't that much to think about. A player who takes an undue amount of time to make an opening lead on such an auction is simply wasting time.
- 6) Initial action in the auction. Everybody knows what an opening bid is in their partnership and what should be opened. Similarly for an overcall or a takeout double. Either you do or you don't. We have all seen these hands countless times, and there is no new information to be considered. Players who take a

long time for their initial action are just wasting time unless they have some truly unusual hand. The one exception might be vs. a high-level preempt -- there is more to consider and more at stake since any action is likely to be conclusive.

7) Accepting or rejecting a game try. When partner makes a game try, either you have it or you don't or you are somewhere in-between. If the decision looks close, all the thinking in the world isn't going to help. Players who spend a lot of time on these decisions are just wasting time. Of course if the auction is complex and you have learned a lot about partner's hand then there may be a lot to think about as far as extent of fit, etc. But when the bidding goes 1NT-2NT (or something simple like that) there just isn't anything to think about.

8) Low-level balancing. When the bidding goes 1♠-P-P to you, you just have to make a decision. All the thinking in the world isn't going to help. Players who take a long time on such decisions are wasting time.

9) Post-mortems. Any post-mortem of the hand is clearly time-wasting.

10) Unnecessary questions. While it can be important to determine the meaning of enemy bids, quite often it is obvious that it can't matter immediately. Many players waste a lot of time asking questions about the enemy bids when they could just as easily wait until the auction is over and then get a full explanation. At the very least, players should arrange to do their questioning when the tray is on the other side of the screen so as to not waste time.

The following are examples of appropriate use of time:

1) When the dummy comes down. Both declarer and 3rd hand are fully justified in spending time planning the play or defense.

2) Playing a difficult contract. Obviously this may take some time.

3) A difficult defensive decision. Again, thought may be necessary here.

4) A high-level competitive decision. This can be crucial, and there is often a lot of information from the previous bidding to be analyzed.

5) Any kind of slam auction. Not only are these very important, but they also require the most analysis picturing partner's hand accurately.

6) Difficult choice of game decisions. These can be quite complex and take some analysis.

In theory, (although unlikely in practice), it is possible that a table finishing late will not be penalized on a difficult set of hands, or a table finishing on time could be penalized if one pair took too much time on easy hands.

As soon as the Time Monitor observes that a player or pair is wasting time, the Time Monitor shall tell the entire table that in the Time Monitor's opinion the N/S or E/W pair (or both pairs) are wasting time and may be subject to penalty and encourage them to speed up. The sooner the Time Monitor is able to notify the players that there is a problem, the better.

It is the subjective determination of Time Monitors that will be used to determine whether a pair has played slowly. Thus we ask you to use your bridge judgment and report to the director which player or pair wasted the most time, and particularly whether the amount of time wasted was moderate, serious, or outrageous.
