## INDEPENDENT AUDITORS' REPORT

To the Board of Directors  
United States Bridge Federation  
Memphis, Tennessee

### Report on the Financial Statements

We have audited the accompanying financial statements of United States Bridge Federation, which comprise the statements of financial position as of December 31, 2020 and 2019, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United States Bridge Federation as of December 31, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

**NOTE A - NATURE OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES**

**Nature of Operations**

United States Bridge Federation (the “Federation”) is a nonprofit organization whose purpose is to advance the interests of the United States in international bridge competition, including the selection and support of the United States Bridge teams and players in international and Olympic bridge competition.

**Financial Statement Presentation**

The Federation prepares its financial statements in accordance with accounting principles generally accepted in the United States of America, which involves the application of accrual accounting; consequently, revenues and gains are recognized when earned and expenses and losses when incurred. Under generally accepted accounting principles, the Federation is required to report information regarding its financial position and activities according to two classes of net assets as follows:

*Net Assets Without Donor Restrictions:* Net assets that are not subject to donor-imposed stipulations. Net assets without donor restrictions may be designated for specific purposes by action of the Board of Directors or may otherwise be limited by contractual agreement with outside parties.

*Net Assets With Donor Restrictions:* Net assets whose use by the Federation is subject to donor-imposed stipulations that can be fulfilled by actions of the Federation pursuant to those stipulations or that expire by the passage of time.

**Investments**

Investments are carried at their fair market values in the Statements of Financial Position. Unrealized gains and losses are included in the change in net assets in the accompanying Statements of Activities. Investments with a due date expiring in the following twelve months are classified as current assets.

**Cash and Cash Equivalents**

For purposes of the Statements of Cash Flows, the Federation considers all highly liquid debt instruments with a maturity of six months or less to be cash equivalents.

**Income Taxes**

The Internal Revenue Service has determined that the Federation is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

The Federation files income tax returns in the U.S. federal jurisdiction. With few exceptions, the Federation is no longer subject to U.S. federal income tax examinations by tax authorities for years before 2017.

**NOTE A - NATURE OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES**  
**- CONTINUED**

**Allocation of Functional Expenses**

Program services and general and administrative expenses are reported by function. Expenses related to more than one function are charged on the basis of management's estimates. General and administrative expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Federation.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Board of Trustees to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Concentration of Credit Risks**

The Federation maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Federation has not experienced any losses in such accounts. The Federation believes it is not exposed to any significant credit risk on cash and cash equivalents. At December 31, 2020 and 2019, the Federation's uninsured balance was \$585,830 and \$322,490, respectively.

**Events Occurring After the Report Date**

The Federation has evaluated events and transactions that occurred between December 31, 2020 and November 15, 2021, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

**NOTE B - NET ASSETS WITH DONOR RESTRICTIONS**

Net assets with donor restrictions consisted of the following at December 31, 2020 and 2019:

|                     | <u>2020</u>      | <u>2019</u>      |

| Contractual or donor-imposed restrictions:   |                   |                  |
| Restrictions by donor with purpose restrictions  | 834,703           | 580,469          |
| Restrictions by donor with time restrictions   | <u>-</u>          | <u>-</u>         |
|  | <u>834,703</u>    | <u>580,469</u>   |
| Financial assets available to meet cash needs for general expenditures within one year | <u>\$ 264,470</u> | <u>\$240,922</u> |

In addition to financial assets available to meet general expenditures over the next twelve months, the Federation operates with a balanced budget and anticipates collecting sufficient support to cover general expenditures not covered by donor restricted resources.

**NOTE D - FAIR VALUE MEASUREMENT**

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Federation has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within Level 1) that are observable for the assets or liability, either directly or indirectly.
- Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Federation's own data.)

The Federation's financial instruments consist primarily of cash and fixed income securities. Fixed income securities consist of investments in certificates of deposit and are classified on the balance sheet based on restrictions. The fair values of these financial instruments are all Level 1 inputs as defined by FASB ASC 820 and as such, no fair value methodologies for other types of securities have been developed by the Federation.
